COVID-19 IN BUCHANAN COUNTY

Total Cases	Confirmed Cases	Probable Cases	Deaths
493	453	40	2

COVID-19 cases will now be classified as either “confirmed” or “probable” based on the following criteria and definitions:

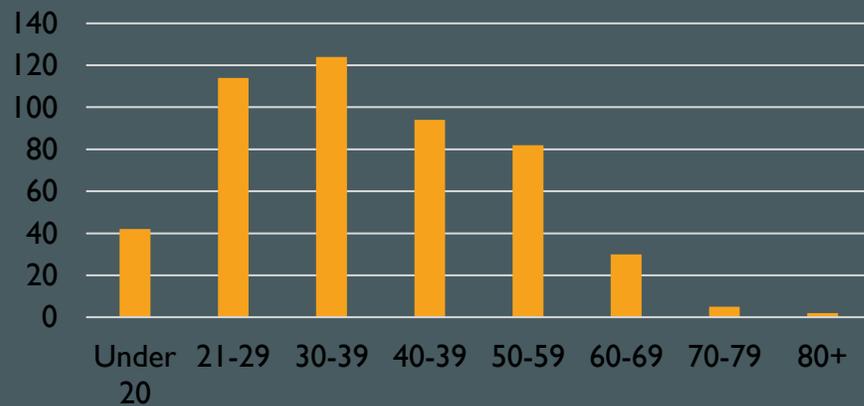

Confirmed case: The case meets the confirmed laboratory evidence, which is the detection of SARS-CoV-2 RNA in a clinical specimen using an approved detection test verified by a certified testing laboratory.

Probable case: The case meets clinical criteria AND epidemiologic evidence (close contact with a confirmed or probable case; travel to or residence in an area with sustained, ongoing community spread; or a member of a risk cohort as defined by public health authorities during an outbreak), with no confirmatory laboratory testing performed for COVID-19.

Probable cases are not reflected on the DHSS website.

One case/death attributed to Department of Corrections.

*COVID Patients include suspected or confirmed cases

Note: Hospitalized patient numbers may differ from MO DHSS due to several factors such as timing of admission or out-of-state residents.

NOTES:

1. EMResource data is sourced at 12 p.m. and includes all inpatient, brick and mortar facilities to include psychiatric hospitals. DHSS publishes daily COVID case counts around 2 p.m. NHSN data is sourced daily at 2:30 p.m. with hospital admissions and ventilator availability including data as of 72 hours prior.
2. Every effort has been made to ensure the accuracy of this data. The number of available beds is based on hospital reports and will increase or decrease based on current utilization.
3. The 24-hour increase of hospitalized COVID patients, and hospitalized and ventilated COVID patients represents the difference published day-to-day, and is not normalized based on the number of reporting hospitals.

DRIVE UP TESTING AVAILABLE THIS WEEKEND

A drive-thru only COVID-19 testing site for Buchanan County residents will be open on Saturday, May 16 and Sunday, May 17 from 8 a.m. – 4 p.m. at Mosaic Life Care at St. Joseph, Medical Center. About 2,000 tests will be provided by the state of Missouri.

- Testing will take place in the parking garage located on the northeast side of the hospital.
- Vehicles should enter off of Heartland Drive by Plaza 2. [See a map of where to enter.](#)
- Testing will be available at no cost for individuals over the age of 18 regardless of symptoms.
- Please only have passengers in the vehicle who are being tested.
- All individuals being tested will be asked to stay in their vehicle at all times and should be registered separately.
- Tests used will be a nasopharyngeal swab.
- Before being tested, [please register online](#) or by calling (877) 435-8411, option 3. *Phone-based translation services are available by calling to register.* Once samples are collected, they will be sent to Quest Diagnostics for testing. Results should be available within 72 hours after testing.

Please consider being a Hunger Hero by donating shelf-stable foods at the exit of the testing site. Donations will go to help fill The Crossing Nutrition Center. Quest Diagnostics will also provide results via an online portal at [QuestDiagnostics.com/MyQuest](https://www.questdiagnostics.com/MyQuest). Additionally, negative test results may be mailed directly to the patient upon request. Those with positive results will receive a call from a Mosaic Life Care nurse with further instructions.
